

Non-Mandated Safety Data Sheet for Articles

Trade Name: Firefly 107

Version: 2

Revision Date: 15th November 15, 2022

Section 1: Identification of the substance/mixture and of the company/undertaking	
1.1	<p>Product Identifier</p> <p>Firefly 107</p>
1.2	<p>Relevant identified uses of the substance or mixture and uses advised against</p> <p>Expands when heated to act as a fire stop. Main application is in fire protection.</p>
1.3	<p>Details of the supplier of the safety data sheet</p> <p>TENMAT Limited Ashburton Road West Trafford Park Manchester M17 1TD United Kingdom</p> <p>Tel: +44 (0)161 872 2181 Fax: +44 (0)161 872 7596 Email: sales@tenmat.com</p>
1.4	<p>Emergency telephone number</p> <p>+44 (0)161 872 2181 +44 (0)161 955 2446 (9 am to 5 pm)</p>
Section 2: Hazards identification	
2.1	<p>Classification of the substance or mixture</p> <p>Classification according to Regulation (EC) No 1272/2008 [CLP]: Not classified.</p> <p>Classification according to Directive 67/548/EEC or 1999/45/EC: Not classified.</p>
2.2	<p>Label elements</p> <p>Labelling according to Regulation (EC) No 1272/2008 [CLP/GHS] None</p> <p>Supplemental hazard information (EU): These products are not hazardous in the form in which they are shipped by the manufacturer.</p>
2.3	<p>Other hazards</p> <p>There may be low levels of dust as a result of downstream activities such as cutting and machining.</p>

Non-Mandated Safety Data Sheet for Articles

Trade Name: Firefly 107

Version: 2

Revision Date: 15th November 15, 2022

Section 3: Composition/information on ingredients	
3.1	<p>Composition of product These products are made from varying amounts of low bio-persistence mineral fibres, graphite, organic fibres and binders.</p>
Section 4: First Aid Measures	
4.1	<p>Description of First Aid Measures</p> <p>General Information The main hazards arise from any downstream activities such as cutting and machining.</p> <p>Following Inhalation Avoid breathing dust. Use suitable local exhaust ventilation. If breathing difficulties are experienced whilst machining, remove to fresh air or a ventilated area and seek medical advice.</p> <p>Following Skin Contact If possible, vacuum excessive dust from clothes as well as skin and hair. Wash and clean contaminated skin with soap and water.</p> <p>Following Eye Contact Irrigate abundantly with water, seek medical attention.</p> <p>Following Ingestion If small quantities are ingested seek medical advice.</p> <p>Self-Protection for First Aider Avoid breathing dust. Wear suitable personal protective equipment.</p>
4.2	<p>Most Important Symptoms and Effects, both Acute and Delayed</p> <p>Symptoms and effects:</p> <p>Dust may cause mechanical irritation such as eye irritation, coughing and sneezing. Repeated exposure to dust may cause chronic lung disease.</p>
4.3	<p>Indication of any Immediate Medical Attention and Special Treatment Needed</p> <p>Notes for doctor None required.</p> <p>Special Treatment None required.</p>

Non-Mandated Safety Data Sheet for Articles

Trade Name: Firefly 107

Version: 2

Revision Date: 15th November 15, 2022

Section 5: Fire-fighting measures	
5.1	<p>Extinguishing media:</p> <p>Suitable extinguishing media: Water jet spray, foam, sand, carbon dioxide, extinguishing powder.</p> <p>Unsuitable extinguishing media: None</p>
5.2	<p>Special hazards arising from the substance or mixture</p> <p>Hazardous combustion products None.</p>
5.3	<p>Advice for fire-fighters</p> <p>Wear self-contained breathing apparatus to an appropriate standard with positive pressure. Wear skin protection sufficient to protect from thermal decomposition products.</p>
Section 6: Accidental release measures	
6.1	<p>Personal precautions, protective equipment and emergency procedures</p> <p>For non-emergency personnel: Avoid inhaling dust. Use appropriate protective clothing.</p> <p>Protective equipment: Where dust is generated wear approved half or full face air purifying respirator.</p> <p>Emergency procedures: Avoid inhaling dust.</p> <p>For emergency responders: Avoid inhaling dust.</p> <p>Personal protective equipment: Protective clothing and equipment should be provided for operators carrying out cutting and machining operations.</p>
6.2	<p>Environmental precautions Prevent spread of dust.</p>

Non-Mandated Safety Data Sheet for Articles

Trade Name: Firefly 107

Version: 2

Revision Date: 15th November 15, 2022

6.3	Methods and materials for containment and cleaning up For containment: Use suitable local exhaust ventilation to remove dust during cutting and machining operations. For cleaning up: Remove dust using an appropriate vacuum cleaner.
------------	--

6.4	Reference to other sections See Section 7 for Handling and Storage and Section 8 for Protective Equipment.
------------	--

Section 7: Handling and storage

7.1	Precautions for safe handling Protective measures: No special protective measures are normally required. Fire prevention: Not flammable. Aerosol and dust generation prevention: Not applicable. Environmental precautions: No special precautions are required. Advice on general occupational hygiene: Wear protective clothing.
------------	--

Version: 2

Revision Date: 15th November 15, 2022

<p>7.2</p>	<p>Conditions for safe storage, including any incompatibilities</p> <p>Technical measures and storage conditions: Maintain dry conditions and avoid direct sunlight and extreme temperatures.</p> <p>Packaging materials: Cardboard</p> <p>Requirements for storage rooms and vessels: Dry location.</p> <p>Hints on storage assembly: Take care not to exceed safe working loads and heights for storage shelves and racks.</p> <p>Storage class: N/A</p> <p>Materials to avoid: No special requirements.</p> <p>Further information on storage conditions: N/A</p>
<p>7.3</p>	<p>Specific end uses:</p> <p>Recommendations: N/A</p> <p>Specific end uses: See references to dust hazards during cutting and machining, Section 4.</p>
<p>Section 8: Exposure controls/personal protection</p>	
<p>8.1</p>	<p>Control Parameters Occupational Exposure limits</p> <p>Nuisance dust:</p> <p>OEL (UK): < 5 mg/m³ 8 hour TWA tot. inhalable dust < 2 mg/m³ 8 hour respirable dust</p>

Section 10: Stability and reactivity																																																			
10.1	<p>Reactivity</p> <p>Stable and non-reactive.</p>																																																		
10.2	<p>Chemical Stability</p> <p>Stable and inert.</p>																																																		

Non-Mandated Safety Data Sheet for Articles

Trade Name: Firefly 107

Version: 2

Revision Date: 15th November 15, 2022

10.3	Possibility of Hazardous Reaction No hazardous reactions known.
10.4	Conditions to Avoid Incompatible with strong acids and alkalis. Consult Tenmat.
10.5	Incompatible Materials No hazardous reactions known.
10.6	Hazardous Decomposition Products None.
Section 11: Toxicological Information	
11.1	Information on Toxicological Effects This material does not show any significant toxicological effects or critical hazards.
Section 12: Ecological Information	
12.1	Toxicity These products are insoluble in water and remain stable over time.
12.2	Persistence and Degradability Not established.
12.3	Bio accumulative Potential Not established.
12.4	Mobility in Soil No information available.
12.5	Results of PBT and vPvB Assessment These products do not contain substances that are considered as either PBT or vPvB
12.6	Other Adverse Effects No other additional information available.
Section 13: Waste Treatment Methods	
13.1	Product/Packaging Disposal Waste Treatment Options See local regulations.
Section 14: Transport Information	
14.1	UN Number N/A
14.2	UN Proper Shipping Name N/A
